Free resources to enhance your online, hybrid, or face-to-face courses

Resource	URL	Description	Tutorial and help resources
Audacity	http://audacity.sourceforge.net/download/	Free audio podcast recorder that may be a good option to allow students to record their own speeches.	http://www.youtube.com/watch?v=IC3VZkfdgV8
AudioBoom	http://audioboom.com/	Free audio recorder that provides a link or allows for embedding. Up to 10 minutes of recording time. Must use mobile device.	http://screencast-o-matic.com/watch/cof12ZePAo
Dipity	http://www.dipity.com/	This site helps you create an interactive online timeline. Great for creating a visual display of events.	http://www.youtube.com/watch?v=8slBz1dtgXM&feature=related Other online timeline options reviewed: • http://itbabble.com/timelines/ • http://itbabble.com/2011/06/08/timeline-creator-infographic/
EdPuzzle	https://www.edpuzzle.com/	This allows you to embed quiz questions into any video found online. This also allows you to track how the students did on those questions.	https://www.youtube.com/watch?v=eFMsM6LEB7g
EduCanon	https://www.educanon.com/	A tool that allows you to add interactivity to videos. Students answer multiple choice, T/F and open ended questions to move on in the video. Submitted answers are sent to the teacher.	https://www.youtube.com/watch?v=JE_bj35hE7Y https://www.youtube.com/watch?v=5pjaisMSXso

EyeJot	http://www.eyejot.com/	Allows you to send 5 minute video e-mails to anyone. An easy way to stay connected to your students and "talk" to them frequently.	http://www.eyejot.com/help
Jing	http://www.techsmith.com/jing/	Allows you to create tutorials and image captures and share these via a web URL	http://www.techsmith.com/learn/jing/
Kahoot	[illegible]	Audience response system that allows for a variety of questions including quizzes, drawing tools, polling and Q/A questions.	[illegible]youtube.com/watch?v=szN3JrplSnE
PB Works	http://pbworks.com/	A free wiki creation site. This allows for collaboration among students on 1 single document.	http://www.youtube.com/watch?v=SZ5OV14v4xU
Padlet	http://padlet.com/	Virtual online "corkboard". This allows you to "pin" videos, images and text to a board to share with others. Anyone can participate in the board if given the link.	http://youtu.be/i5fs0RQVDyU?hd=1
Poll Everywhere	http://www.polleverywhere.com/	Allows the instructor to create online polls for students to participate in – these can be answered via cell phone, twitter, or an online website. This is free for up to 40 responses.	http://www.youtube.com/watch?v=zZWM2-4Jf4k
Remind	https://www.remind.com/	This site focuses on facilitating simple but effective e-mail or text message communication with parents or students. Users can subscribe to receive your messages.	http://screencast-o-matic.com/watch/cDe3Fp1ZNm

Screencast-o-matic	http://screencast-o-matic.com/	This is a screen/voice capture site that helps to create video lectures or tutorials for your class. These are limited to 15 minutes in length.	http://sem.screencasthost.com/channels/cXhI3EVTh#navback
Socrative	[illegible]	Audience responses system to give teachers immediate feedback to planned questions or questions on the fly.	http://www.youtube.com/watch?v=WlnI1f-Q1JM
Spreaker	[illegible]	Podcasting tool that allows for mobile devide or web site recording. 15 minutes per recording. 500 hours free. Easy to add in music or sound effects.	https://www.youtube.com/watch?v=YCx4DWYAegw
Study Stack	http://www.studystack.com/	Create banks or stacks of electronic cards that can be reviewed online, printed, or exported to a PDA, cell phone, or iPod. Use public study stacks or register to create your own stack. Several modes of studying: flash card, match, hangman game, crossword, word find, or bug match.	http://www.youtube.com/watch?v=NUT1R-F4D7M
Today's Meet	www.todaysmeet.com	May be used for online discussions or virtual office hours. This chat room allows you set a URL for your discussion and the duration that room is available for (2 hour to 12 months)	http://www.youtube.com/watch?v=Na_rg6Ok7LM
Vocaroo	http://vocaroo.com/	Allows for free voice/podcasts to be recorded and shared online via e-mail or a hyperlink. They can also be embedded onto a webpage or blog.	http://vocaroo.com/faq.php

VoiceThread	http://voicethread.com/	Facilitates group conversations allowing participants to leave comments via voice, webcam or text.	http://voicethread.com/share/409/ http://screencast-o-matic.com/watch/cljYFMsf9
Zaption	[illegible]	[illegible] (YouTube, Vimeo, etc) and add interactive elements to help in engaging the student. These objects are called a "tour".	[illegible]tube.com/watch?v=XnfiX50OaU8

One additional link to a great tool to help you find tools to use depending on the task you would like the student to complete. This was created by Katie Ritter Director of Curriculum & Technology Integration @ForwardEdgeOH

Overview

We'll demo and discuss 10 of the most useful #EdTech tools, from simple in-class polling tools like Socrative (http://socrative.com) and GoSoapbox (http://gosoapbox.com) to in-class game tools like Flipquiz.me (http://flipquiz.me) and new peer feedback tools like Peergrade.io (http://peergrade.io) and online learning platforms like Pathwright (http://pathwright.com), Versal (http://versal.com) and others. Share info & experiences with your favorite #EdTech resources, or just hear from others and try a few new things out.

Socrative | enable live in-class interaction w/ polls, quizzes, games and digital discussions
GoSoapBox | set up live in-class digital discussions, quizzes, polls and other interactions
Flipquiz | create live or remote Jeopardy-style quiz games w/ scoring, timers, and images
JeopardlyLabs | enable live in-class Jeopardy-style games, free w/ no registration
Peergrade | empower students to learn from each other by providing anonymous peer input
Pathwright | design elegant and clear online course paths for online or hybrid learning
Versal | create online courses simply and easily and embed content from other platforms
Canva | guide students through a templated creation process for compelling visuals
Quizlet | produce simple quizzes on any subject in various formats
Reflector | beam anything you or students are doing from a laptop or phone to a shared screen
